DATE: 26 February 1954

FROM : Comptroller

SUBJECT: Request for Project LCCASSOCK

1. This office has reviewed the project outline for LCCASSOCK with special attention to paragraph 9 on budget data. It is noted that this operation has heretofore been financed from ZRCANDY funds. We further checked and find that sufficient ZRCANDY funds are on hand to finance the operation for the balance of the current fiscal year. It is believed that these funds should be used for financing the operation rather than dollars as proposed. It is suggested that the usual clearance be obtained for the use of ZRCANDY funds for this purpose.

2. In discussing the question of availability and use of ZRCANDY funds during the current year, the question was raised as to whether this project could be considered a continuing one at the close of the current fiscal year if ZRCANDY funds are used in financing all fiscal year 1954 activities. This project can, of course, be considered as a continuing project. In the EE program for the fiscal year 1955, however, the method of financing the project in prior years (i.e., from ZRCANDY) should be given.
